

Principal/Senior Resource Geologist (UK)

AMEC's Mining Consultancy Group is seeking an experienced resource geologist to join our UK-based team. This is currently a small but expanding group which offers services to mining projects in Europe and Africa, as well as assisting projects around the globe that are managed from our offices in North and South America.

If appointed to this position you will be responsible for providing consulting services on projects, studies and audits as well as project support across the business unit. If you have a successful track record, thrive on challenges in a fast pace environment, and are possibly seeking a more flexible balance between work and family life, then this opportunity is for you.

Resource Geologist - Principal/Senior (UK-based)

Requirements:

- 10 or more years experience in resource geology (both fieldwork and computer estimation)
- Proficient user of one of the commercial modeling systems such as Datamine, Gemcom, Vulcan, etc.
- Professional Geologist or eligible for registration in a relevant association (EFG, IGI, GSL, etc.)
- Entitled to live and work within the UK and EU.
- Experience of geostatistical estimation techniques.
- Knowledge of a variety of mineral deposit types.
- Ability to work independently.
- Willingness to travel abroad for short periods on project work.
- Good communication and report writing skills.
- Willingness to contribute new ideas.

What we offer:

- Competitive salary.
- Company pension and health scheme.
- Flexible work conditions.
- New technical challenges.
- Professional development.
- Belong to a global team which is leading industry best-practice in resource estimation.
- Opportunities to help shape our expanding global business.

AMEC's UK mining team are based in Ashford (Kent); however, AMEC has offices throughout the UK. Work location for this post will be agreed by mutual discussion.

If you are interested in applying for this position please apply on line at: www.amec.com/careers [search for Geologist - UK location]. Deadline for applications is 28th March 2011; an appointment will be made as soon as possible after that date.
