

All Island Quarry Safety Conference:

Wednesday, 17th November 2010.

City North Hotel, M1 Exit 7, Co. Meath

AIM OF THE CONFERENCE

The Quarrying Sector north and south is facing challenging times. It is vitally important that improvements made in safety and health standards and reductions in accident rates in recent years are maintained. Quarry injuries, ill-health and deaths cause pain, suffering and tragedy to those involved but can also lead to substantial financial loss which may even jeopardise the viability of a quarrying operation. The conference aims to inform and update the industry on new guidance and information sources and cost effective ways of managing safety. Delegates will have an opportunity to shape how the regulators and their representative organisations support their sector.

WHO SHOULD ATTEND?

The conference is particularly relevant to senior and regional managers, location managers, safety & health professionals within the sector and anyone with an interest in health and safety in the quarrying sector.

ADMISSION

Admission is €30 (€25 if booked on-line) refreshments and lunch will be provided along with a comprehensive conference pack. The charge is purely to cover conference costs.

All Island Quarry Safety Conference

Wednesday, 17th November 2010.
