

Geotechnical Soil and Rock Logging to Eurocode 7 – BS5930

Course Provider : David Norbury

30th November – 1st December 2022, 9:30AM – 5:00PM

Venue: City North Hotel, Gormanston, K32 W562, Co. Meath

Course Aim and Outline:

The aim of the course is to impart on our younger geotechnical engineers/engineering geologists, and those who may not have had formal logging training the process of logging and describing soil and rock in accordance with Eurocode 7 – BS 5930 so that they understand the standardisation of this process. It will be a hands-on course with one day of each course focusing on soil logging and the following on rock core logging.

Professor David Norbury is an engineering geologist with over 40 years' experience of investigating the ground, compiling ground models and communicating within the project team. David Norbury (<http://drnorbury.co.uk/>) has been responsible for the past and current Eurocode 7 – BS5930 Code of practice for ground investigations.

Cost:

IGI members: €400

Non-IGI members: €500

NB: Places on each day are limited to 10 people. If the event becomes over-subscribed there will be a maximum of 2 places per organisation allowed. Please contact info@igi.ie to reserve a place and for payment details.
