

WE ARE HIRING

Aurum Exploration are a globally recognized mineral exploration service company, delivering high-quality, professional and innovative geological services throughout Europe and Africa.

Is **zinc** your commodity?

Do you have World-class **MVT, SEDEX or Irish-type** project experience?

Do you have a strong technical and operations background?

SENIOR GEOLOGIST

Education

- Degree in Geology (postgraduate degree preferred)

Technical

- 10-years industry experience in exploration geology
- 5-years experience in low-temperature carbonate-hosted base metal systems

Operational

- Experience in the management of large/complex exploration programs
- Demonstrate proficiency in data synthesis and targeting
- Outline proven track record in the roles of Team Leader, Manager and Executive in the exploration and mining industry

PROJECT GEOLOGIST

Education

- Degree in Geology (undergraduate or postgraduate)
- Minimum of 5-years experience in mineral exploration
- 2-years of continuous MVT, SEDEX, or Irish-type deposit experience (essential)
- Supervisory experience
- Drill rig management experience (diamond drilling)

Applications will only be considered from candidates who meet the above criteria and have permission to live and work in Ireland.

Please send your cover letter and CV to hcarr@hrsgroup.biz (Helen Carr).
