

Talk on recent Environmental Case Law

Brendan Slattery, Head of Environment and Planning at McCann Fitzgerald LLP, will present IGI members with an update on legal issues relevant to environmental assessment.

This talk would be useful for Geoscientists working on EIARs, environmental assessments, mining, quarries, hydrogeological / contaminated land risk assessments, Consultants, Regulators etc. It will cover legal updates since Brendan's previous talk in 2021, EIAR regulations, emerging legislation, recent cases.

When: Thursday 23rd February 2023

Time: 12:00 to 14:00

Registration: The meeting will be hosted online via Zoom. To attend please email info@igi.ie before 5pm on Tuesday 21st February.

Cost: Free to attend for IGI Members

Speaker bio:

Brendan Slattery has been active in this area for more than 20 years, helping developers and public authorities to understand and satisfy their obligations. Before joining McCann FitzGerald, he advised An Bord Pleanála, the Environmental Protection Agency, the Health and Safety Authority and Inland Fisheries Ireland on their assessment obligations. Since joining McCann FitzGerald, he has supported a wide range of strategic infrastructure, housing and other projects, including review of assessment documentation before submission, and defending permissions from legal challenge.
