

Shanoon Resources are inviting applications for the role of **Senior Mine Geologist** based at the Galmoy Mine in Co Kilkenny.

The Role

Reporting to the Chief Geologist, the Senior Mine Geologist will work closely with Mine Planning and Production teams, providing geological input to promote optimal and efficient ore extraction. A key element of this role is the management of a team of four Grade Control Geologists.

Responsibilities

Pre-production duties include:

- Involvement with recruiting and training of the Grade Control team.
- Input to mineral resource estimate update: data input and geological modelling.
- Surface drilling programme management and core logging.

Post-Production Start-up duties include:

- Maintaining health, safety and environmental standards.
- Ensuring quality data is generated by the Grade Control team.
- Scheduling the Grade Control team's workload – the mine will operate both day and night shifts, Monday to Friday.
- Co-ordinating the Grade Control team's activities with the underground production teams.
- Tracking tonnes and grade against schedule and informing stakeholders of progress. Issuing production reports on a daily, weekly and monthly basis.
- Designing and managing underground drilling programmes.
- Logging of underground core.
- Involvement with updates of the mine's geological model to incorporate new data.

This position requires an experienced underground geologist with significant hard rock mining expertise. The operation is a re-activation of a closed mine with mixed mining methods and variable ground conditions. The role also requires input into the surface beneficiation of the ore, which will be achieved through an ore sorting process.

Educational Requirements

- A Degree in Geology.
- More than 5 years' experience in Mining, preferably underground.
- Previous supervisory experience essential.
- Good communication skills.
- Familiar with 3D modelling geological/mining software packages: the mine uses Vulcan and Deswik.
- Full, clean driving licence essential.

Terms of Employment

- Salary: Competitive and flexible based on experience.
- Bonus: A performance bonus structure is planned as the mine becomes operational.
- The position is a full-time role, and the successful candidate will work on-site Monday to Friday on day shift.

The mine is located close to various towns and villages that have excellent amenities.

Shanoon Resources are an equal opportunities employer; the candidate must be qualified to work in the EU.

Please send a cover letter and CV to info@shanoonresources and n.fox@shanoonresources.ie before 12th September 2025 to express an interest in the role.
